To the Editor:
Dear Sir:

The fact that social conditions in Monitor have not been satisfactory in times past, and at the present especially, due to the prevalence of drunkenness and immorality, we believe it to be vital that law-abiding citizens register definite and concerted protest against the rowdiness that obtains. It is not essential to the life of any town that certain things which have recently transpired should exist. It is not just that Monitor's reputation abroad as a "tough" town should be allowed to go all the time unchallenged. We feel that it is in the power of the citizens here, by

Devil Pens Epistle To
Kaiser Wilhelm

We have been asked to print the following satire, written by Louis Syberkop, of Creston.

The Infernal Region

Nov. 15, 1917.

To W. von Hohenzollern, King of Prussia, Emperor of all Germany, and Envoy Extraordinary of Almighty God.

My Dear W:

I can call you by that familiar name for I have always been very close to you, much closer than you could ever know.

From the time that you were yet an undeveloped being in your mother's womb I have shaped your destiny for my own purpose. In the days of Rome I created a Roughneck known in history as Nero. He was a vulgar character and suited my purpose at that particular time. In these modern days a classic demon and efficient super-criminal was needed and as I know the Hohenzollern blood, I picked you as my special instrument to place on earth an annex of hell. I gave you an abnormal ambition, likewise an oversupply of egotism that you might not discover your own failings. I twisted your mind to that of a mad man with certain normal tendencies to carry you by, a most dangerous character placed in power. I gave you the power of a hypnotist and a certain magnetic force that you might sway your people. I am responsible for the deformed arm that hangs helpless on your left, for your crippled condition embitters your life and destroys all noble impulses that might otherwise cause me anxiety, but your strong sword arm is driven by your ambition that squelches all sentiment and pity. I placed in your soul a deep hatred for all things English, for of all nations on earth, I hate England most. Wherever England plants her flag she brings order out of chaos and the hated Cross follows the Union Jack; under her rule wild tribes become tillers of the soil and in due time, practical citizens, she is the great civilizer of the globe and I hate

Her. I planted in your soul a cruel hatred for your mother because she was English, and left my good friend Bismarck to fan the flame I had kindled.

Recent history proves how well our work was done. It broke your royal mother's heart, but I gained my purpose. The inherited disease of the Hohenzollerns killed your father, just as it will kill you, and you became the ruler of Germany and a tool of mine sooner than I expected. To assist you and further hasten my work, I sent you three evil spirits, Nietzsche, Treitschke, and later, Bernhardi whose teachings inflamed the youths of Germany, who in good time would be willing and loyal subjects and eager to spill their blood and pull your chestnuts, yours and mine, the spell has been perfect. You cast your ambitious eyes toward the Mediterranean, Egypt, India and the Dardanelles and you began your great railway to Bagdad, but the ambitious arch-duke and his more ambitious wife stood in your way. It was then that I sowed the seed in your heart that blossomed into the assassination of the Duke and his wife and all hell smiled when it saw how cleverly you saddled the crime on to Serbia. I saw you set sails for the fjords of Norway, and I knew you would prove an alibi. How cleverly done, so much like your noble grandfather, who also secured an assassin to remove old King Ed. of Denmark, and later robbed that country of two provinces that gave Germany an opportunity to become a naval power. Murder is dirty work, but it takes a Hohenzollern to make a way and get by.

Your chance was at hand; you set the world on fire and bells of gun caused much joy, it was the beginning, the foundation of a perfect hell on earth, the destruction of noble cathedrals and other infinite works of art was hailed with joy in the infernal regions. You made war on friends and foe alike and the murder of civilians showed my teachings had borne fruit.

Your treachery toward neutral nations hastened a universal upheaval, the thing I most desired. Your undersea warfare is a masterpiece, from the smallest mackerel pot to the big Lusitania, you show no favorites, as a war-lord you stand supreme, for you have no mercy, you have no consideration for the baby clinging to its mother's breasts as they both go down to be torn apart and leisurely devoured by the sharks.

I have strolled over the battlefields of Belgium and France, I have seen your hand of destruction everywhere. It is all your work, super-flend that I made you, I have seen the fields of Poland, now a wilderness, fit for prowling beasts only, no merry

children in Poland now, they all succumbed to frost and starvation. I drifted down to Galicia where formerly Jews and Gentiles lived happily together. I found but ruins and ashes. I felt a curious pride in my pupil for it was all above my expectation. I was in Belgium when you drove the peaceful population before you like cattle into slavery, you separated man and wife and forced them to hard labor in the trenches. I have seen the most fiendish rape committed and those who were forced into maternity were cursing the father of their offspring and I began to doubt if my own inferno was really up to date.

You have taken millions of dollars from innocent victims and called it indemnity, you have lived on the fat of the land you usurped and sent the real owners away to starvation.

You have strayed away from all legalized war methods and introduced a code of your own, you have killed and robbed the people and destroyed their property, you are liar, a hypocrite, and a bluffer of the highest magnitude, you are a part of mine and yet you pose as a personal friend of God. Ah, Wilhelm, you are a wonder, you wantonly destroy all things in your path and leave nothing for coming generations. I was amazed when I saw you form a partnership with the impossible Turk, the Chronic killer of Christians, and you a devout worshipper in the Lutheran Church. I confess Wilhelm, you are a puzzle at times. A Mohammedan army commanded by German officers assisting one another in massacring Christians, is a new line of warfare. When a Prussian officer can witness a nude woman being dismembered by a Turk committing double murder with one cut of his saber and calmly stand by and see a house full of Armenians burned, then my teachings did not stop with you but have extended to your nation. I confess my Satanic soul grew sick and then and there I knew the pupil had become the Master. I am a back number and my dear Wilhelm, I abdicate in your favor. The great key to hell will be turned over to you. The gavel that has struck the doom of damned souls since time began is yours. I am satisfied with what I have done, this abdication in your favor is for the very best interests of hell—in the future I am at your majesty's service.

Affectionately and sincerely
Lucifer H. Satan
